## Tom O'BRIEN

Head of Security, Risk, Health & Safety and  
Compliance  
at INTERXION SWITZERLAND

### SYNOPSIS

#### “Data Centers – The Foundation of successful Cybersecurity”

Data centers have never been more crucial to the organizations they serve, often-times representing no less than the lifeblood of the company. Therefore, successful and resilient cybersecurity starts at the Datacenter. Tom O'Brien, Head of Security at InterXion Switzerland gives insights.

Tom O'Brien is Head of Security, Risk, Health & Safety and Compliance of InterXion Switzerland with 20 years experience in physical security and law enforcement.
